BEN RAN 401 MARATHONS 1 EACH DAY TO RAISE MONEY

Ben tried to stop people being bullied by running for 401 days.

Ben ran half way around

the world to raise

money. How did he get

money when he ran

401 marathons 1 each

day? He did not do

any sport at school.

He did not at all like

running when he was

at school. When he

was older he did it

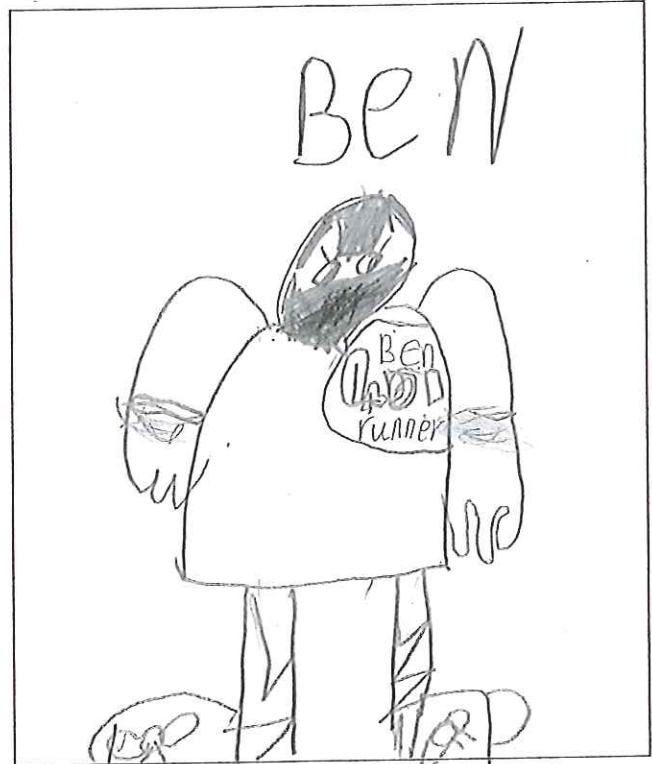

for every one to stop

getting bullied in their

life. I am like you this

to encourage to run.

he ran with lots of dogs

he played hide and

seek with a cow.

he broke his back and his

skate board in 8 2017

20th of February today

when I'm writing

my new paper of report

he ran with lots of

animals on his back.

He is cool so cool.

The train ride

We're off on a journey
out of the town.

What shall I see?

What shall I see?

Cow's lying down sleeping quietly

A sheep and a cow ^{and} a blue pond that's
sparkly.

That's what I'll see,

That's what I'll see.

The train is slowing down into the
station.

What shall I see?

What shall I see?

My nan welcoming me!
